Also, I have told [REDACTED] to dump all data regarding any component of the Waco lawsuit from the M90 website and will purge all working files that I have in my possession pertaining to work that was needed to assist your arguments at trial. This does not mean that I am dumping evidence that I obtained from many sources other than [REDACTED] and [REDACTED]. Be advised, you have a few missing pieces in your second amended due to my departure and failure to obtain elements from your source (me) prior to attacking my character. [REDACTED]
